

Moscow Aug. 22, 1987

Dear friend Joel,  
time has come to include  
all our networkers into  
chain-reaction.

Copy of my letter to  
G. Brown (when I'll get  
it from you via E-mail)  
I'll sent to Mr. Zagladin  
(shown on Harriett's journal) and to other  
Soviet members of Spacecrossbridge. Also, ask  
your friend (and his aid) to inform you about  
his reaction. Sept. 19 here is already a  
breakthrough. Michael and Tomay gave to us  
a unique chance to launch this process of pre-  
parations, but it is unreal to consider a Fashion  
Show as a context of our ultimate Visions.  
It is the first attempt to marry Show-Biz  
with consciousness research. Here I informed  
members of VIII International Congress of Logic,  
Methodology and Philosophy of Science about  
such an approach and they are stunned.  
(Isabelle Stengers of <sup>University of</sup> Brussels, Belgium, who  
published a book together with Prigogin —

Nobel Prize Winner - confessed that she will do her best to share this project with European intellectuals).

And here is an idea: to create a book based on the Event Sept. 19 and using a new technology proposed to me by Jana Janus from Henry Daxin's Company - to publish it before New Year with invitation to celebrate Global New Years as the first planetary <sup>happening</sup> as another Event in Chain Reaction Launched in Consciousness.

Please, type my letter to G. Browne with your correction on Diana's paper and direct <sup>it</sup> to him with some additional materials you'll find important.

I talked to Dennis Meadows here. He will be back in Dartmouth College (603) 646-3559 in Sept. Call him.

"Keep faith, Joseph", - he said to me yesterday. You too, Joel.  
Love to Diana and go ahead. Joseph.
